The Emperor and the Socialists -- A Conspiracy to Murder the Imperial Family.

RY.

By Cable to the News. BERLIN, June 6 .- A bulletin issued from the Palace at 7 o'clock this morning announces that the Emperor slept well last night, free from all pain. The increased temperature of the right arm, noticed yesterday evening, has subsided, and there are no symptoms of fever.

London, June 6.—The Standard's Berlin despatch says: Evidence is increasing of the existence of a plot to assassinate the Imperial family. A printer at Posen has been sentenced to four years' imprisonment for using offensive observations with regard to

the Emperor.

The Post's Berlin special says physicians think the crisis of the Emperor's condition will not have passed until three weeks.

Crown Prince Frederick William has been designated to represent his father in the transaction of routine business absolutely necessary from day to day, after a precedent set in 1857, on the occasion of the Regency of the present Emperor during the alarming illness of the King of Prussia. Although the exaggerated reports were exposed and the whole warned against them by the public warned against them by the semi-official North German Gazette yesterday, they were so persistently circulated even by quasi government organs as to create a suspicion that they were encouraged and countenanced by the authorities for the purpose of manufac-turing popular opinion in favor of strong

repressive measures.
The recent defeat of the government's anti-socialistic bill in the Reichstag was a source of great chagrin to the Court and Cabinet, and they would be glad to take advantage of the new situation created by Nobeling's crime to reverse

Judge Levesee had a prolonged examination, the main points of which were that the Judge was offered \$30,-000 to vote in blank, or otherwise make his vote null, but that the Judge asked \$200,000, with the view, as he alleges, of finding out who had the money.

We do not like to make invidious distinctions, but perhaps it would not be improper to say that young Mr. Leach's oration was received more favorably by the audience than any other. Messrs. Strange, Engelhard and Winston made fine impressions, especially Mr. Strange. The evening passed off Strange. The evening pleasantly and profitably.

COMMENCEMENT DAY. This morning dawned in great beauty and loveliness upon Chapel Hill. Nature could not have given a more lovely day for the festivities of the occasion. Early in the morning large crowds began to gather from every direction to witness the interesting exercises of the day, and by 9 a. m., the whole village was crowded with people. Old men, old ladies, young men, young ladies, and children, all mingled together in anticipation of the literary treat awaiting them, until 10 a. m., when the college bell rang out upon the air, and summoned the audience to the college chapel. At 10:15 a. m., the Salem Cornet Band took a position in front of the South Building, and with a beautiful air called the people together, and

Recommended for Return to the Supreme Bench. Correspondence of the News.

NEW BERNE, June 6. You perceive, from the public prints, that the name of Judge Manly, though presented at a late day, is coming rapidly to the front for the Supreme Court Bench. The fact is, the people of North Carolina have not forgotten the valuable and patriotic seevice which he rendered in that position during the war. They have not forgotten, that he was unduly expelled from that posi-tion by the most heartless foes and cruel oppressors North Carolina ever had.
And they have not forgotten, that
after Judge Manly had been elected to the United States Senate, he was prevented from taking his seat by the very men who had bound a free and sovereign State in chains. Now the oppersince the war, for the loyal and patriotic ic sons of our noble old State to do justice to one of the most distinguished and faithful of her citizens. Judge Mauly is still vigorous, full of the wisdenstands of the still vigorous, full of the wisdenstands. dom and experience of an honorable profession, and better qualified than ever to serve the people on the Supreme Court Bench. The East is coming for-ward rapidly to his support. Let the middle and western counties recognize his claims, and restore him to the exalted and useful position from which radicalism removed him.

BUILDING ASSOCIATIONS. Decisions of the Courts in Respeet Thereto-No Business Difficulty in the Way-Stockholders and Borrowers-Duration and Indebtedness-Con-

Written tor the News.

RALEIGH, June 6.
The decisions of our Supreme Court The decisions of our Supreme Court upon the several cases presented to them, involving the transactions of Building and Loan Associations, simply assert that, to be enforced by the courts, their contracts must be made in strict compliance with the law. It is obvious that the making of any other contracts than such as could be enforced by legal process, would place an association in a defenceless position, and at the mercy of any member who might imagine himself aggrieved or imposed upon. himself aggrieved or imposed upon.
Hence we reach the conclusion that
loans made by such associations can
draw eight per cent. interest and no
more. This is correct, and it may be
asserted further that this rate is as

is also as much as a lender can obtain NO BUSINESS DIFFICULTY IN THE WAY. It is difficult to see why a Building Association cannot be managed within the limits of the law, so as to work out the good results admitted by all to be within the scope of their transactions. Some change in their methods of business will be processory but the same

ness will be necessary, but the same results can be reached. STOCKHOLDERS AS BORROWERS. Without going into details as to the precise methods that should be adopted, which would require considerable space THE CHEMISTRY MEDAL.

PERSONAL MENTION

The duration of an Association could be made definite or indefinite, according to the plan adopted; but as debtors would simply pay eight per cent. interest on their debts, and stockholders receive all the profits in the share. DURATION AND INDEBTEDNESS. stockholders receive all the profits in the shape of dividends, neither plan would work any hardship or lead to disappointment. If the par be fixed at one hundred dollars per share, one hun-dred payments of one dollar each would payments would be reduced and the period required to reach the par of the stock diminished. If the par of the stock diminished is the par of the stock diminished. stock diminished; if the profits be applied in lieu of monthly payments, the number of cash payments would be diminished, but the time required would

be one hundred months. THE CONCLUSIONS ARRIVED AT. The conclusions reached are that. as financial institutions, Building Associations must stand on a legal basis, if the interests growing up with them are to be pretected by the courts; that the rate of eight per cent. interest secures sufficient profits to justify their organization; and that their organization and successful management is be-lieved to be entirely practicable under the law as it is, and the decisions of the Supreme Court.

Governor Hendricks Favors Investigation.

The Legislature of 1876-'77 enacted a law, ratified March 12 h, 1877, for the establishment of the State Guard. All commissions in the militia were at once revoked, and the way cleared for the building up of the new system. The State was divided into three military districts. The various companies were required to enlist for a term of five years, under the provisions of the act of March 12th; their officers were re-commissioned, and the entire white force of infantry was organized into three bat-

talions. The battalion organizations were completed on the 10th of April, 1877, completed on the 10th of April, 1877, less than thirty days after the passage of the act establishing the State Guard.

On the 8th day of November the colored companies were formed into two battations of infantry, designated the fourth and fifth battalions.

The first encampment of the State Guard was held at Raleigh, the 16th, 17th, and 18th of October, on the occasion of the State Fair. The troops were transported free by the several

Only once during the year were the services of the State Guard needed. It was on the occasion of the hanging of Hilliard Morgan, at Goldsboro, 20th December.

During the year, but one company was mustered out of the State Guard, the Buncombe Riflemen, Company D.,

of the Third Battalion. These results have been achieved in less than nine months, in the face of many difficulties, and without moneyed aid from the State or the Federal government, beyond the mere pittance ex-pended in this office. Considering the lack of government help, and the effect of the depression in business upon an organization which is maintained almost wholly by the expenditure of time and money on the part of its individuals; and bearing in mind the apathy in military matters that necessarily followed the passing away of the excitement created and sustained by the late war, I think we have good cause for congratulation at the progress made by the State Gaurd in the first year of its existence. It is gratifying too, to observe that it is steadily growing in popularity. Already it may be fairly claimed that it is an organi-zation of which the State may well feel

able the force to have the benefit of camp and field practice. A week spent in camp, once a year, and devoted to drill and decipline, under strict military regulations, would be of vast service to the organization; and impart to it

new life and vigor. Washington Notes.

By Telegraph to the News. Washington, June 6.—The Secretary of War has transmitted to the Senate a communication from Quarter Master General Meigs, in which, with refer-ence to a recent report of the Senate Military Committee, favoring the purchase of ground, near Columbus, Ohio, on which a number of Confederate prisoners are buried. He submits a list of other places where Confederate prisoners are buried, and an estimate of expenditure that would be required to purchase and enclose the land and mark the graves. The estimate is for the purchase of the prison cometeries used during the late war, \$10,000; enclosing same, \$100,000; stones and blocks to be placed at the graves, \$94,—500; total, \$204,500. The number of prisoners dying in captivity, is stated at nearly 27,000; number of burial places,

Washington Post. Mr. Wm. E. Chandler remarked that the Republican learders made a great mistake in denouncing the investiga-tion as revolutionary, and trying to prevent it. Saturday's revelations would lead the country to believe that the Republicans wanted to prevent the investigation because they possessed guilty knowledge of some transactions which would injure that party. The result of the investigation, Mr. Chandler says, has proven what he has charged, and if the Republican party wants to survive, it must cut loose from and repudiate the men engaged in the fraudulent transactions.

THERE is bad news for the great unwashed. Colgate's soap factory was burned yesterday. The Radical party will hardly be able to make a campaign

THE Seventh Judicial Convention holds in Yadkinville to-day to nominate a Judge and Solicitor. The friends of Judge Wilson appear confident of his success in the race.

IT is suggested that old Peter Cooper, Greenback candidate in 1876 for President, is the man who can now best afford to laugh, for he neither won the prize without getting it, nor got it without winning it.

nominated a straight out colored ticket for the Legislature, a colored Coroner, and endorsed J. E. O'Hara, colored, for Congress, and J. C. L. Harris for Solicitor. Not much of the "color line" in that now, of course.

. It is wickedly suggested by the not over pious Chicago Times, that, instead of attending the decoration ceremonies at Gettysburg, Mr. Hayes would have preferred to visit Greenwood cemetery, near New York, to decorate the little grave of Samuel Jones Tilden.

THE amendment of Tucker, of Virginia, to the Internal Revenue bill, now pending before Congress, to reduce the tax on manufactured tobacco to sixteen cents per pound, passed the House of Representatives yesterday, by a vote of one hundred and thirty-seven to one hundred and three.

THE Salem Press thinks it highly necessary for the Democracy to select the best men for this Summer; and says every ballot voted is a dollar wasted, unless it goes for good legislation; that good and useful men who know how to prosper at home must be sent to enact such laws as will build up and prosper the country.

THE Goldsboro Messenger, discussing the approaching State Convention, the gentlemen whose names have been mentioned in connection with the Supreme Court bench, and the probable outcome of the convention, bespeaks unity and fraternity in the Democrate ranks, and thinks all differences will melt into harmony.

THE Randolph Regulator, coming from the midst of a solid people, says the county ticket is a good one, and there is but one duty before the Demoerats of that county-its undivided and earnest support; that the gentlemen chosen are of sterling worth and integrity, and honest beyond a suspicion or a doubt, and in full sympathy with the

In committee of the whole yesterday, of the House of Representatives, the amendment of Hon. R. B. Vance, to the Internal Revenue Bill, prohibiting the removal of criminal cases, wherein Revenue officials are defendants, from State to Federal Courts, was adopted Congress will doubtless soon now enact such laws as will leave the matter of jurisdiction between State and Federal Courts no longer in doubt.

A News correspondent, writing from Statesville, says that Colonel Polk. Commissioner of Agriculture, addressed the people of Iredell on Tuesday on the subject of Agriculture, and that he has never seen the people more interested than on this occasion. He remarks that if Colonel Polk keeps the ball rolling, in ten years he will have more influence than any man in North Carolina; he will have the bone and sinew at his back, and will deserve to have.

A BILL is now pending in the House of Representatives, which provides for appeals in criminal cases from the Federal District Courts. As the law now is, there is no appeal from a Federal District or Circuit Court, unless there shall be a division between the Judges wherever two or more preside. It is monstrous that no compulsory review in spreading local religious information,

the State Convention next week, reminds the people that under our form them. Though for a time robbed of their sovereignty, it has again returned to them, and the duties that rest upon the delegates of the people next week are to be discharged in no careless or indifferent manner, but with the view of protecting and perpetuating the highest form of human government.

Up in the mountains the newspapers and the people talk much of railroads. The Hendersonville Era is full of it. The work of pushing the Spartanburg and Asheville road goes bravely on, and already Hendersonville assumes many of the airs of a railroad centre. The railroad dignitaries of the county visit there, and the papers personal them in true city style. The latest visitant announced was Hon. R. R. Bridgers, Re- years. ceiver Wilmington, Charlotte and Columbia, and President Wilmington and Weldon, on railroad business.

JUDGE CANNON realizes that the days of his judical life are numbered, and next, but, although the bar and all concerned are anxious to have him remain he is paid by the State, but adjourns Court this week and goes home. It seems impossible to possess these Radical officials of a becoming sense of their duties to the public. But there is recompense in being forever rid of this

A New Berne correspondent places the merits of Judge Manly before the public, and discusses him in connection with the Supreme Court Bench. The State has produced no purer man than Matthias E. Manly. He has been honored by two Judicial positions, which he creditably filled on the bench of the State, and now presides over the Inferior Court of Craven. From the Supreme Bench he was removed by the new order of things inaugurated under radical auspices. Radical hate and malevolence kept him out of a seat in the United States Senate to which he was elected. It is now proposed to restore him to the bench from which the ruthless hand of radicalism thrust him. THE Republicans of Edgecombe have and in presenting him to the people, present one in whom there has been found no guile.

THE Tarboro Southerner addresses itself to the Democra cy of Edgecombe. a Democracy that never yet faltered in wanting in the hour of party need, and it will not be wanting now. In presenting its county ticket, the Southerner says of the Legislative ticket :- For the Senate you have Dr. J. H. Baker, who represented the county in the convention of '68. A farmer as well as a physician, a ready debater, well posted politically, a deep thinker, a classical scholar, polite and popular, he is as worthy a standard bearer as will uphold the cause in the State.

For the House, D. H. Barlow, whole-souled gentleman, a professional and practical farmer, intelligent beyond his years, and successful in the foreranks of his peers, is a fit representative of the "best farmers in the State."

Again, for the House, is presented the name of that old "war horse of Democracy," Archelaus Braswell, who, starting a comparatively poor man, has achieved a competency as an honest hard-working tiller of the soil. Though somewhat advanced in years, when the trumpet sounds the battle call, the fire of youth will nerve him to deeds of valor, and he will be found a faithful worker. His vast abilities as a talker will be felt in the campaign. Does any one doubt that the cause of Democracy will be well represented in legislative halls, when these sentinels go on guard?

The Country Press.

It will have been observed that the News pays attention to the provincial press of the State, and endeavors to present in brief form the sentiments of the great body of the Democratic press of North Carolina.

The party has no more faithful, earnest and efficient workers than these editors of the country press. They constitute the army of fighters that win great State campaigns, and in the heat of battle they are the couriers in the field through whom are transmitted the dispatches from commanding head-

If a city press pays attention to the politics of the State, and desires to keep posted its readers thereon, and present in united strength the sentiment and feeling of its party, it must have recourse to the country press. There is positively no other avenue of perpetual and complete political information from all portions of the State, no resource so perfect and unfailing as the provincial palladium of our liberties.

In the approaching campaign the country press will be called upon to perform its usual important and efficient part, and not the least of which is the preservation of party organization, for it may be truthfully said that for whatever of organization the Democratic party has enjoyed in North Carolina, more is due to the provincial press than to any other single political agent. Viewed, therefore, in a strictly political sense. the country press is bound to be of the

very first consideration. But it is not alone in politics that the merits of the country press are manifest. It is foremost in every local public enterprise; it contributes to the morals of the community; assists the churches of the law in matters affecting the lib- and with its ink and types is under conerty and rights of the citizen has ever stant tribute to every religious, benebefore been provided. It will be remembered with what flippancy Judge Dick, of the Western District of this State, has time and again announced. "This is a court from which there is no appeal, gentlemen."

THEY CURE Nervousies, and give remembered with what flippancy Judge free invaluation for Female Irregularities.

THEY ARE invaluation for Female Irregularities.

THE Charlotte Observer, referring to in every department of human industry, and the town or county is unfortunate which does not possess its own local of government sovereignty rests with newspaper, and the first duty of every community is to its own press.

It should be the constant effort of a party to foster, encourage and reward its country press. The News always tenders its acknowledgements to its brethren throughout the State, and is ever ready to give them an encouraging word and reciprocate their professiona favors.

The Unity of the Democratic Party.

The necessity for united and efficient action on the part of the Democracy of North Carolina is not so essential to the success of the campaign upon which it is now about to enter, as for the great political events that foreshadow themselves in the coming two

In national politics the example and influence of the Democratic party of this State will not, and cannot, be lightly felt. This is a representative State—the great conservative commonwealth of the solid South, and the popractically steps down and out before his aition is a proud and a commanding term has actually expired. His last one. One of the original thirteen, court was at Statesville, this week and North Carolina has ever stood prominent in the politics of the country, and acted no trifling part in the councils of and finish up the business next week, he the nation. She has regained all that refuses to work out the time for which she lost through the circumstances of the war in respect to her position in Congress, and is again enrolled among the Democratic States of the Union. Always respectable, able and pure in her own representatives at Washington, "the North Carolina delegation" stands with the best in Congress, and is a credit and ornament to the people of

whom it is the type. These things being so, the Democracy of North Carolina must keep in constant view the position which the State occupies in the politics of the country, and appreciating the influences it must exert in the national campaign, and of what significant import is the success of the national Democracy, hereafter, no Democrat here can afford to fail in the highest party duty assigned him,-that of cultivating party unity, maintaining party strength, and perpetuating perfect party organization.

Advance of Science.

The advance of science within the last decade has been so truly wonderful that many are ready to exclaim that nothing is impossible. One of the greatest boons in this remarkable progress is the discovery of Barham's Infallible Pile Cure, for Hemorrhoids or Piles Manufactured by the Barham Pile Cure Co., Durham, N. C. Liver is King.

The Liver is the imperial orgrn of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with D, spepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want. june3-dawly.eow.

The Prevention of a Terrible

No disorders, excepting the most deadly forms of lung disease, involve such a tremendous destruction of organic tissue as those which fasten upon the kidneys. Such maladies, when they become chronic—and none are so liable to assume that phase—completely wreck the system. To prevent this terrible disaster, recourse should be had upon the first manifestation of trouble, to Hestetter's Bitters, which experience has proved to be highly effective as a means of imparting tone and regularity to the organs of urnation, as well as to the liver, stomach and bowels. Another beneficial result of this medicine, naturally consequent upon its diuretic action is the elimination from the blood of impurities which beget rheumatism, gout, dropsy, and other maladies. By increasing the activity of the kinneys, it augments the depurative efficiency of those organs, which are most important eutlets for the escape of such impurities. Disaster.

Mr. F. Morrell, Bangor, Me.. July 2, 1873, writes: "Six months ago my friends thought me incurable, suffering from Weakness, Disordered Stomach and Fever, The doctors gave me no benefit. I was persuaded to try colden's Liebig's Liquid Extract of Beef and Tonic Invigorator; after using three bottles began to improve, and to-day feel perfectly well." LOCAL BRIEFS.

-Mr. Hugh Morson's school will be held at the old Lovejoy Academy. -The Republicans of Craven coun-

ty will establish a paper as their organ during the campaign. -It is thought that the First Reg-

iment N. C. S. G., will go into camp at Fort Macon this summer. -A little 8 year old daughter of

P. M. Briggs, Esq., while at play, fell from a table and fractured an arm. -Workmen are cutting through the rear wall of the court room, putting a window just over the Judge's bench. -There will be a reception at St.

Mary's to-morrow evening. The exercises of the school then close for this — Boughton, the apostle of tem-perance, held forth at Tucker Hall again last evening. The crowd was pretty large, as usual.

---The Board of County Commission ers met yesterday, and finished up the business of the session, adjourning to meet in July.

- The Board of Aldermen meets this evening. The grand rows are now over, and hereafter quiet will doubtless reign supreme.

-A bar-keeper, it is said kicked a man all the way up Wilmington street, after "bouncing" him out of his saloon, yesterday morning.

-The Republicans of Madison county, have nominated a full county ticket, D. F. Davis, Esq., is the nominee for the House.

-Those who may rest themselves upon the new benches in the Capitol Square are requested not to deface the seats with knives.

-An examination of the pupils was commenced at the Institution of the D. D. and B. yesterday morning and will conclude Monday evening. Judge Strong, Hon. J. C. Scarbrough, Duncan Rose, Esq., Prof. E. M. Goolsby and H. B. Carter, A. B, are the exami-

State Agricultural Society.

Another important meeting in relation to the State Fair of 1878 took place last night at the Yarbrough House, the Executive Committee of the North Carolina Agricultural Society assembling with the regularity and devotion to business that marks the interest they feel in the cause. A. Creech, Esq., in the chair, and C. B. Denson secretary.

The Secretary read a number of communications, making liberal contributions of hardware, live stock, carriagemaker's goods, pictures, and miscella-neous articles of value. He also stated that applications for space had been made by a number of large firms dealing in engines and machinery, and also that a display of musical instruments was assured that would surpass any thing heretofore seen in the State, in this very interesting department.

Much discussion ensued as to details in regard to the Premium List, and several communications of importance were considered, and final action postponed until the next meeting.

Excursion to Beaufort.

The Goldsboro Rifles will have a grand military excursion for their benefit, to the coast, on Tuesday, 18th inst. Tickets from Goldsboro cost \$2 for the round trip. Special arrangements have been made with the hotels and boarding houses for reduced rates on the occasion, thus affording visitors an opportunity to see our chief wateringplace at a merely nominal cost. Tickets will be good for four days. On the evening of the 19th a grand military ball will be given. The Goldsboro Rifles is a splendid corps, and will conduct the affair in the best style.

Grissom-Hammond.

Dr. Hammond, of New York, has written an open letter to Dr. Grissom, in reply to the speech of the latter, at the convention of Asylum Superintendents, in Washington city, not long since. The subject of Dr. G.'s address was the "Ethics of Medical Expert Testimony in the Medical Jurisprudence of Insanity." This speech is to be published in the Utica Journal of Insanity. The letter of Dr. Hammond is circulated over our State, and the publication of the address will therefore meet and answer it.

Catholic Pic-Nic.

This enjoyable excursion to the farm of Mr. Jno. G. Williams, near the city, on the R. & G. Railway, will be held on the 11th. The train will leave the old depot at 8 a. m. The price of round trip tickets has been put at 50 cents. The day's pleasures will be varied. A nice dinner, good music, and dancing all day long. Tickets may be obtained at the book stores, and from the committee.

Results of a Fall. Mrs. Sallie Vandergrift, who lives in Rhamkatte, while in the city last evening, fell into the turn-table at the ceutral depot. The effects of the fall were some severe contusions on the head. The watchman at the depot notified Officer Scales, and she was taken to the station house, where she was attended by a physician.

· In presenting yesterday a report of the Commencement exercises at Chapel Hill of the day before, was accomplished a feat never before witnessed in the Raleigh press.

The report was brought by special courier, employed for the service, who left Chapel Hill at seven o'clock, reaching here at midnight. At four he was again in the saddle, on his way back with a mail bag full of papers containing the report, which promptly arrived at the University, much to the surprise and pleasure of the College authorities, residents and visitors. The News Special Courier arrived again last night, bringing the report of

yesterday, which is presented this morn-For the accomplishment of this success the News is indebted to Rev. F. L. Reid and Mr. F. D. Winston Special deporters, and of Chapel Hill, Special Courier, whose faithful performance of the duty assigned him made the success possible.

Mr. N. S. Harp, one of the best carriage builders in the State, is putting the finishing touches on an omnibus for the National Hotel. The vehicle has been reconstructed, and as it now stands presents a most attractive appearance. The color of the body is light cream with panels of Chinese vermilion and gilding. On one side is a shield with the coat of arms of the State, on the other a hunting scene. In the inside are panels handsomely painted. The running work is cream color, black striped. The 'bus will attract attention by reason of the artistic work on it.

Benefit for Jonah Boughton.

This temperance lecturer will deliver his farewell address to-night, at Tucker Hall. Mrs. Anna Boughton will recite the "Drunkard's Dream," and "Drunkard's Home." Mr. Boughton has laboured in our midst for the past week, having induced over four hundred to sign the pledge. An admission fee of 10 cents will be charged, for Mr. Boughton's benefit. C. D. Osborn will preside over the deliberations of the meeting.

Free Concert.

There will be a free concert given by the pupils of the Institution for the deaf, dumb and the blind, at the Institute chapel, to-night at 81 o'clock, complimentary to the citizens of Raleigh. All are invited to attend. Also, at the city hall, on Tuesday night next, at the same hour, by the colored pupils, for the benefit of the colored citizens of the city.

Runaway.

While Dr. McGee was driving his buggy yesterday afternoon, the horse ranaway when near the residence of Mr. J. C. R. Little, on Salisbury street, and smashed the vehicle all to pieces. The Dr. was not injured.

Robbins.

Statesville Landmark. There is no fair-minded man in this district who will doubt Major Robbins' ability. And all alike acknowledge the zeal to further the interests of his constituents that has characterized his career as a Congressman. But many people in the tobacco-producing sections are inclined to think, that when he lead in the movement to have the tax on manufactured tobacco reduced, which aggregation has occasioned much loss to both producers and manufacturers, his zeal got the upper hand of his

Philadelphia North American (Rep.) The investigation by the Potter Committee has just commenced, but it has gone far enough to bring anew to the cheek of every honest man the blush of shame, that the fate of the country should have been held in the balance should have been beld in the balance by such fraud and corruption. Make no mistake in weighing the testimony of James E. Anderson. Ne man occu-pying a position of honor and trust ever risks making himself the target for obloquy and vituperation for the pleasure of lying. His story is not a pleasant one, but rest assured it is true. The history of the past shows that The history of the past shows that where corruption is permitted as a means the end can be only decay. This is no time for Republicans to palliate or temporize. To live the party must purge itself, and join in honest denun-ciation of wrong wherever it is found.

Full Handed.

Washington Post. Amid the panic and demoralization of the Louisiana crowd, the calm resignation of Kellogg stands out like a hemlock stump in a mill-race. Mr. Kellogg resembles the traditional individual who being observed to bet heavily at drawpoker, was asked if he had a good hand to which he responded that he didn't

know as that was material to the issue, so long as he had the deck in his lap.

Summer Delicacy. All of us are fond of sweets, and more especially of that delicacy of the season, especially of that delicacy of the season, Ice Cream. A peculiar knack of flavoring and preparing this is possessed by Moseley, as may be found by calling at his saloon on Fayetteville street.

A General Invitation

s extended to the public to call at J. C. Brewster's where will be found the most complete stock of stoves and housefurnishing goods in the city. Seasonable goods, such as fly fans, fly traps, wire dish covers, fruit jars, &c., hardware and builders' material, edge tools, iron, steel, nails, horse and mule shoes. Tin roofing cheaper than shingles.

Job work all kinds—all work warrented. Agent for the celebrated IMPROVED Howe Scale, the best in the market. Paints, oils, glass and putty, coach and inside varnishes, a specialty. J. C. Brewster, Holleman Building, Raleigh,

Keep Cool.

This is a bit of good advice in these "trying" times. 'Tis also a suggestion easy to follow, since by investing in Blake's Ice, the purest and best, one can have a luxury to cool a fevered brow or a parched throat. In our climate ice has a thousand uses and is a necessity.

J. P. Gulley Offers.

new style silk veiling at 65c., worth \$1.25; ladies 2 button kid gloves at 50cts.; great novelties in corsets at prices from 35cts. to \$2.00; Dr. Warner's health corsets at 50cts. to \$2.00.
Especial attention is called to the grass corset at \$1.50, for comfort.
Straw matting at 20 and 25cts; also a nice line of dress goods, piques, &c., at bottom prices. I also call especial attention to the fact that I have the best adies morocco si market, equal to Miles' or Ziegler's. Call and see his goods and examine

Lumsden's "Old North State Cook Stove" still leads the market as the best and cheapest stove. Lumsden makes a specialty of repairing Sewing Machines of any pattern, Guns, Pistols, Locks, &c. All work warranted. He has just received a large lot of mocking and canary bird cages, fly traps, dish covers, fishing tackle, brooms, baskets, and every thing you want in the house furnishing line can be found at Lumsden's, cheaper than such goods were ever sold

before. Something Worth Attention. Consigners of county produce should ship to A. C. Sanders & Co., because they are the only commission merchants in Raleigh. They do not buy at all on their own account, but make prompt returns, at the same prices they sell at, which are the highest this market af-
